REPORT OF THE LIBRARY TRUSTEES

"Of writing many books there is no end" and it would be impossible for one person to read them all but one may gain inspiration from only reading a title sometimes. For instance, "Books as Windows" may start one's imagination traveling all over the world with our books of travel and world friendship, or looking upon the scenes in the early days of America thru our histories. We may get a glimpse of some eminent author's philosophy of living, or some scientist's step forward in our inevitable march onward in the electrical and mechanical world from some new book.

Many Boscawen people are looking thru book windows for our total circulation this past year has been 16,789, a gain of 1,674 over last year and the magazine output was 791, a gain of 155 over last year. This year the books were divided as follows: fiction, 10,288; non-fiction, 1,316; and juvenile, 5,185.

There were twenty-seven boys and girls registered in the vacation reading club at Penacook and fifty-one at Boscawen. There were six story hours in each library with an average attendance of twenty-six and we appreciate the helpful co-operation of those who made these story hours possible.

National Book Week was observed at Boscawen by a party with an attendance of seventy-five boys and girls and fifty adults. A marionette show was given by a Franklin group and Miss Dorothy Annable, secretary of the N. H. Public Library Commission awarded certificates to forty-four boys and girls of the vacation reading club.

At the Penacook Branch the boys and girls enjoyed stories told by Mrs. Katherine Ayer, six reels of pictures shown by Norman Rolfe and the twenty boys and girls who completed the work required in the vacation reading club received their certificates from Mrs. Ranney, secretary of the Board of Trustees.

An instructive exhibit was placed in the Community Fair held under the auspices of Ezekiel Webster Grange. A miniature of the library building was the center of interest in the booth.

Our library also has an exhibit in one corner of the room celebrating the 150th anniversary of the birth of Daniel Webster. A large poster has a picture of the birthplace and his successive homes. Literature about him and a large picture of his second wife, Mrs. Caroline LeRoy Webster, loaned by Mr. and Mrs. Edward Webster, add much to the interest in this display. Two new books about our distinguished former resident have recently been purchased, "Daniel Webster" by Allan Benson, and "Black Daniel" by Honore W. Morrow.

Our librarian attended the meeting of the N. H. Library Association at Hanover. She assisted in arranging the program for the district meeting and she was accompanied to this meeting in Warner by the assistant librarian, Mrs. Emma Flanders, and one of the trustees, Mr. Edward Webster.

The grounds around our library building have shown the excellent care given to the lawn. For added beauty shrubs have been planted, a fine gift of the Village Improvement Society, assisted by the Ladies' Association. The pictures of the old toll house and the old toll bridge hanging on either side of the old toll sign are the gift of Mr. and Mrs. Glenn Hall and we appreciate their kindness. Two new desk lamps and two new lights between the stacks have been added, and screens placed in the windows.

"The New Human Interest Library" in eight volumes has been added to our reference books. There have been added 317 new books of which number 54 were gifts, and we would express our thanks to the donors, Mr. and Mrs. Edward Webster, Mr. and Mrs. W. B. Ranney, Mr. Frank L. Gerrish, Miss Katharine Ranney, Mrs. S. P. Gale, Rev.

O. W. Peterson and Mr. Horton Blake. We also express thanks to those who have given magazines.

The kindness of the Firemen and the helpful work of Mr. Joseph Bessette as janitor at the Branch in Penacook are much appreciated.

We are also grateful to our librarian, Mrs. Marjorie Emery, who spares neither time nor work to make our library the best of the smaller libraries in the state.

ALICE M. B. RANNEY,
Secretary Board of Trustees.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

During the past year no change has been made in teachers, except at Water Street. Water Street School now has five pupils, High Street has ten, while the Plains Schools are crowded. A school of five pupils is too small to be entirely satisfactory. These children could be transported to High Street School at a considerable financial saving after the first year, but an increase in numbers at High Street would necessitate some improvements in the building which would partly or entirely offset any saving during the first year. If it could be conveniently arranged to transfer a few children from the Plains School to Water Street School an improvement would be made in both these schools.

The continuing increase in the number of children attending high school makes it impossible to reduce the total sum asked for in the budget. \$1,600.00 was raised for High School Tuitions for the current year, but our expenditure will exceed this by about \$400.00. We estimate that \$2,420.00 will be needed next year. With this increase of \$820.00 on this one item of the budget, the total amount asked for will be increased less than \$300.00, even if the district should raise as much as last year for transportation under two miles.

The value of a child's education is determined by the contribution which it makes toward his living a worthy life. It can be measured only in the future, if at all. It is, however, some evidence of the worth of our schools that an increasing number of our boys and girls are continuing their education elsewhere with success.

Respectfully,

GEORGE W. SUMNER.
